NEXT  
STEPS

Below is a schedule of the next steps in the SCCDP:

2011

**May-June:** Integration with the EBR Parish Master Plan ([FUTUREEBR](#)) and the Redevelopment Authority's Community Improvement Plan (CIP). Strategies to accomplish the plan are finalized; Public hearing and adoption of the EBR Plan ([FUTUREEBR](#)) with inclusion of the Scotlandville Comprehensive Community Development Plan (SCCDP)

**June 30:** Unveiling of the SCCDP at Jewel Newman Community Center. The SCCDP placed on display at local libraries, City Parish Planning Commission and Southern University, the Synopsis of the SCCDP is distributed to all interested parties

**July-Ongoing:** Work with Scotlandville community, Metro Council members and other interested groups to build consensus, to develop advocates that will embrace the plan and follow it through implementation

UNVEILING OF THE SCCDP

On Thursday June 30, the Urban + Rural Community Design Research Center (U+R CDRC) will unveil the Scotlandville Comprehensive Community Development Plan (SCCDP) **from 6 - 8 pm**. The unveiling will take place at the **Jewel Newman Community Center on 2013 Central Road** in North Baton Rouge. We would like to thank Mr. Carl Slaughter (Director) and Councilman Ulysses "Bones" Addison, District 2, for hosting the unveiling of the SCCDP. Local and state agencies that participated in the development of the SCCDP will discuss how they plan to assist in the implementation process. Community members, local and state agencies, business owners and stakeholders that have been engaged throughout this process will be recognized for their efforts in the development of the SCCDP. A video documenting the process will be presented, you may view this video on the U+R CDRC website at [www.urcdrc.org](http://www.urcdrc.org). At the conclusion of the unveiling, copies of *A Synopsis of the SCCDP* (a 64 page booklet summarizing the Plan), will be available to community members, business owners, stakeholders and others. There will also be copies of *A Snapshot of the SCCDP*, an 11"x17" fold-out giving a brief overview of the SCCDP. The SCCDP will be available at several locations, such as: Southern University School of Architecture, Scotlandville Community Development Corporation (SCDC), Urban Restoration Enhancement Corporation (UREC), and the Scotlandville Library, and other locations throughout the city. A full list of locations where the SCCDP can be viewed will be announced at the unveiling. This will be a time to come see what Scotlandville can become in the next 20 years, and how the community has expressed their desire of how they want to get there. Refreshments will be served.

The Scotlandville Community, Southern University School of Architecture's Urban + Rural Community Design Research Center (U+R CDRC), and Southern University (SUBR), cordially invite you to attend the Grand Unveiling of the Scotlandville Comprehensive Community Development Plan (SCCDP).

Time: 6:00 pm to 8:00 pm

Location: Jewel Newman Community Center  
2013 Central Road in North Baton Rouge

At this Debut of the SCCDP, local and state agencies that participated in the development of the SCCDP will discuss how they plan to assist in the implementation process. Community residents, business owners and other stakeholders, and local and state agencies that have been engaged throughout this process will be recognized for their efforts in the development of the SCCDP.

Refreshments will be served.

A vision for a community on the brink of greatness . . .

A view looking at the over 1100 people in attendance at the Together Baton Rouge meeting on Thursday May 26, 2011 at Shiloh Missionary Baptist Church.

On Thursday May 26, 2011, More than 1100 people from more than 86 congregations and organizations came together across the lines of race, denomination, economics and geography, to pledge their commitment to work together and win a commitment from public officials to work with them to take action on the issues affecting our communities.

The Citywide Delegates Assembly, co-chaired by Fr. Holland and Rev. Melvin Rushing from Mt. Pilgrim and Progressive Baptist Churches, had three purposes:

1. To share issues arising out of the 2011 House Meeting Campaign on which Together Baton Rouge plans to take action.
2. To win a commitment from a range of public officials to work with Together Baton Rouge to address those issues, and
3. To make institutional and individual pledges of support, to continue to build the base of resources that will assure that this effort is built on a solid, independent and permanent foundation.

## CALENDAR OF EVENTS

Workshop-Seminar	Community Meeting	Holiday	SUSA Event
Community Outreach	Community Event	East Baton Rouge Master Plan Meetings

## WHAT'S NEXT

The adoption of the Scotlandville Comprehensive Community Development Plan (SCCDCP) within the East Baton Rouge Parish Comprehensive Plan, called FUTUREBR, is the first step in the implementation process. It is the product of considerable effort on the part of the U+R CDRC, local and state agencies, business owners, community leaders, and concerned citizens. Continuing action to implement the SCCDP will be needed for it to have lasting impact. Working with a range of implementation partners, like the Redevelopment Authority, Office of Community Development, Louisiana Disaster Recovery Foundation, and the City-Parish Planning Commission, will help to ensure the SCCDP responds to the needs of the citizens of Scotlandville. Upcoming newsletters will focus on the progress of the SCCDP and its implementation process. Stay tuned and get involved with making Scotlandville a better place to live, work, shop and play. For more information on the SCCDP please visit our website at [www.urcdrc.org](http://www.urcdrc.org), and to get involved call the U+R CDRC at 225.771.3015.

Newsletter Committee Members: Faculty Editor, Jason Lockhart; Assistant Faculty Editor: Jin Lee; Student Editors, Khrystina London & Lauren Edwards; Faculty & Staff Reviewers, Archie Tiner, Betty Howard, and Lonnie Wilkinson — Dean of the School of Architecture & Director of U+R CDRC.
